# KB1033 How to use Age of Empires II HD hotkeys on Voobly

This article applies to Age of Empires II HD only.

Step-by-step guide

When using the HD compatibility patch to play in Voobly, you may notice that the hotkeys are changed. This is because Voobly uses the default AOC hotkeys rather than the HD version. Follow these simple instructions to activate HD hotkeys on Voobly.

1. Download the following modification: hot-keys for Aoe2HD.
2. Ensure that you have HD hot-keys enabled in the Voobly game room.
